

## A Pattern for Prayer

Alone or with others

**Praise God** for who He is and thank Him for what He's done.

**Confess any sins**, obstacles or distractions that are getting in the way of your relationship with God.

**Surrender your will and desire to be in control**; let Jesus know that you trust Him and His ways more than you trust yourself.

**Ask God to transform you**, more and more into the image and likeness of Jesus. Ask Him to renew your desires, your thoughts, your words, your actions, your priorities, and relationships.

**Ask God to transform your household** and those you do life with. Ask Him to bring healing, peace and wholeness to your relationships.

**Ask God to transform your church** and the people you follow Jesus with. Ask Him to make your church “a house of prayer for the nations” and a community that is being transformed, more and more, into the image and likeness of Jesus.

**Ask God to transform your region.** Pray for other churches and parachurch ministries to bear fruit. Pray for a spirit of unity, cooperation and service between Christians of all stripes. Pray for spiritual hunger to grow as secularism fails to deliver on its promises.
